Program Description

The General Program Support (GPS) grant program provides funding for Florida public and private non-profit arts and cultural organizations; including museums, local arts organizations, state service organizations, and organizations that have cultural program activities in any of the art and cultural disciplines. Eligible organizations may apply for up to $150,000 in state funds to support their arts and cultural programming. For the purposes of this program, arts and cultural disciplines include music, dance, theatre, creative writing, literature, architecture, painting, sculpture, folk arts, photography, crafts, media arts, visual arts, programs of museums, and other such allied, major art forms. Public or private pre-K-12 schools; libraries; civic organizations; parks, recreation, and leisure organizations; human service organizations; or other community service agencies do not meet the definition of arts or cultural organizations.

Ongoing arts and cultural programs within larger, multipurpose public or private non-profit institutions where the parent organization is not eligible for funding may apply on their own, provided that they meet the following requirements:

- have a full season or year-round programming;
- have a distinct, itemized budget within that of the parent institution;
- have an independent advisory board that governs the activities of the program; and
- be able to separately fulfill the Basic Eligibility and discipline-specific requirements.

Entire departments or schools within a university or college do not qualify as recurring programs, although they are eligible to apply for a Specific Cultural Project.

The Division offers four types of General Program Support.

- **Arts in Education** program support to cultivate the learning and artistic development of all students and teachers by promoting, encouraging, and supporting arts and culture as an integral part of education and lifelong learning for residents and visitors;
- **Discipline-Based** program support for conducting, creating, producing, staging, or presenting cultural exhibits, performances, educational programs, or events;
- **Local Arts Agency** program support for designated Local Arts Agencies providing professional services to a county or counties; and
- **State Service Organization** program support for cultural organizations providing professional services to at least 40 counties.

Basic Eligibility

All applicants must meet the following basic eligibility requirements at the time of application:
1. All current and previous grantees must be in good standing with the Division of Cultural Affairs and the Department of State at the time of application.
2. Applicant organization must be either a public entity or a Florida non-profit, tax exempt corporation as of the application deadline.¹
3. All organizations must have at least one year of completed arts and cultural programming and be able to provide their last completed fiscal year’s operating budget.
4. Applicant must have registered with the Division of Corporations, and their status be “active,” as of the application deadline (http://www.sunbiz.org).²

6. Applicant must have a DUNS number (https://www.dandb.com/).

There are specific eligibility requirements for the Arts in Education, Local Arts Agency and State Service Organization applications, and for the following disciplines: Museum, Professional Theatre, Traditional Arts, Arts in Education, Local Arts Agency and State Service Organization application types.

¹For more information about tax exempt status, see Exemption Requirements - Section 501(c)(3) Organizations on the Internal Revenue Service website (http://www.irs.gov).

²The Division of Cultural Affairs will verify that the applicant is registered with the Division of Corporations as of the application deadline. If the applicant is not registered in Corporations by the application deadline, the application will be deemed ineligible. If the applicant is registered in Corporations but their status is not "active," the applicant must correct the status within 10 calendar days of notification or the application will be deemed ineligible.

For more information on corporate status, visit http://www.sunbiz.org or call the Division of Corporations, profit and non-profit information line at (850) 245-6052. To verify corporate status, you can review your corporate record online through the sunbiz.org document search tool.

In addition to Basic Eligibility, all grantees are expected to:

1. Complete all proposal activities within the grant period;
2. Make programming and activities open and accessible to all members of the public (see accessibility and non-discrimination);
3. Match the grant amount requested, at least dollar for dollar with nonstate funds (see request amount and match requirements); and
4. Include only allowable expenses in the proposal budget (see allowable and
non-allowable expenses); and

Proposal Types

Applicants should select the Proposal Type that best aligns with their mission and programming.

Arts in Education

Arts in Education program support is intended to cultivate the learning and artistic development of all students and teachers by promoting, encouraging, and supporting arts and culture as an integral part of education and lifelong learning for residents and visitors.

Organizations whose purpose is to serve other arts organizations and provide services in at least 40 counties should apply to the State Service Organization category. Museums should apply to the Museum category.

Public entities are not eligible to apply to this category. Public entities may apply to another discipline or the Arts in Education Specific Cultural Project grant category (see public entity).

Discipline-Based

Discipline-Based program support is intended for arts and cultural organizations who are conducting, creating, producing, staging, or presenting cultural exhibits, performances, educational programs, or events. The Discipline-Based proposal type has three funding categories based on Total Operating Income (TOI). To determine the correct category and request amount, use the Total Operating Income from the applicant's most recently completed fiscal year as reported in the application operating budget.

Discipline-Based applicants must select one of eleven (11) discipline categories.
  • Dance - organizations that promote excellence in dance. This includes producing dance companies and other organizations with dance programming.
• **Literature** - organizations that promote excellence in the literary arts. This includes small presses, non-commercial publishing houses, professional literary groups, and other organizations with literary programming.

• **Media Arts** - organizations that promote excellence in film, video, radio, and television. This includes film and video festivals, and media art exhibitions, conferences, and seminars.

• **Multidisciplinary** - organizations that are producing two (2) or more separate artistic or cultural disciplines.
  - Presenting organizations should apply to the Presenting discipline. Botanical gardens, zoos, science centers, and museums should apply to the Museum discipline. Organizations with an arts education mission can apply to the Arts in Education discipline.

• **Museum** - organizations that are primarily educational and aesthetic with proposals focused on the applicant’s collections and/or exhibits. This includes zoos, botanical gardens, arboretums, nature centers and aquariums.
  - Museums are encouraged but not required to participate in the American Alliance of Museums' Museum Assessment Program (MAP) and to pursue or maintain national accreditation through American Alliance of Museums (AAM), American Zoological Association (AZA), or Zoological Association of America (ZAA).
  - Museums may include but are not limited to the following:
    - Art Museums;
    - Historical Museums;
    - Multidisciplinary Museums;
    - Science Museums (Botanical Gardens, Zoos, Arboretums, Nature Centers, and Aquariums); and
    - Youth and Children’s Museums.
  - Non-museum organizations conducting visual art exhibitions should apply to the Visual Art discipline.

• **Music** - organizations that promote excellence in music performance and creation, includes both vocal and instrumental music. The Music discipline includes but is not limited to chamber or jazz ensembles, choral groups, community bands, orchestras, opera, and world music ensembles. Producers of musical theatre should submit their application to the appropriate Theatre discipline (professional or community). Presenting organizations should apply to the Presenter discipline.

• **Presenter** – organizations that enter into agreements to provide performances or other cultural activities. The organization generally does not create, rehearse, cast, or have artistic control over the performance or activity.
  - Applicants producing, rather than presenting, should apply to the appropriate discipline for their activities, such as Music, Theatre, Dance or Multidisciplinary.
If an organization is presenting and producing applicants should consider the percentage of their programming that is dedicated to presenting when deciding which discipline to apply to.

- **Theatre** disciplines support producing theatres and other organizations that promote excellence in theatre performance. Musical theatre can be included in this discipline.
  - Organizations producing opera should apply to the Music discipline. College and university theatre programs should apply to the Community Theatre discipline.
  - **Community Theatre** - producing community theatres. Community theatres should be very specific when describing how artists are compensated. Although it is assumed that most community theatres will not be compensating most actors, applicants should address whether or not technical staff (directors, designers) are compensated and if any actors receive financial compensation.
    - If a community theatre is in the process of becoming a professional house, the application should describe where the applicant is in the transition and when the applicant expects to be offering full compensation to artistic staff.
  - **Professional Theatre** - The Professional Theatre discipline is for producing professional theatres, and also includes professional storytelling organizations.
    - Companies should be very specific when describing the financial compensation and/or benefits that are offered to artistic staff and actors.
    - For information on minimum pay rates for actors and staff contact a theatrical union such as Actors Equity (http://www.actorsequity.org).

- **Traditional Arts** - organizations that preserve and present traditional arts from specific cultural groups in Florida. This includes performances, exhibitions, festivals, and other programming featuring traditional artists and their work. This discipline’s goals are to support programming of traditional artists in a public venue and to foster recognition and awareness of traditional arts. (for more information, see Traditional Arts under definitions)
  - Note: The Traditional Arts discipline is NOT intended for programming that focuses primarily on the following activities: research for scholarly purpose only; historical presentations; re-creations or re-enactments; cultural appropriation and revivalism, tourism, and contemporary studio crafts or reproductions.

- **Visual Arts** - for organizations that promote excellence in the visual arts through activities such as:
  - lectures;
  - publications;
  - exhibitions;
  - educational programs;
  - artist workshops; and
  - professional development for visual artists.
The discipline category of the application will determine which review panel will evaluate and score the application. Applicants should select the discipline that best fits their proposal. Applicants should consider whether they are presenting or producing the activity when choosing a discipline category.

Applicants that produce festivals should select the discipline category for the festival activity. For example, an organization producing a film festival should apply to the Media Arts discipline while a cultural festival that is producing music, visual art, and dance activities should apply to the Multidisciplinary category. For more information, contact a program manager (see help).

Local Arts Agency

The purpose of the Local Arts Agency (LAA) proposal type is to assist in the development of local arts agencies. A Local Arts Agency (LAA) is a public entity, private non-profit or public/private partnership whose primary purpose is to support arts and cultural organizations and individual artists through a variety of ways including advocacy, disseminating information, and serving as a convener for arts and culture. In addition, LAAs may also present and/or produce arts and cultural programming, commission and manage public art, administer grant programs, promote education, provide technical and promotional assistance to artists and arts organizations, and guide cultural planning.

Applicants to this proposal type must be a Local Arts Agency (LAA) designated by at least one county commission as the official LAA for that county. Only one designated local arts agency per county may apply.

To be eligible for funding in this proposal type, all applicants must provide documentation (letter, proclamation or official meeting minutes) of official designation by one or more county commissions. This includes county arts councils established in accordance with section 265.32, Florida Statutes.

State Service Organization

A State Service Organization (SSO) is a public or private non-profit organization located in Florida operating on a permanent basis, providing services to organizations and/or individuals in at least 40 Florida counties.

The purpose of SSO program support is to support state service organizations and to encourage collaborative work between the Division and these organizations to achieve state goals and objectives.
SSOs are typically dedicated to specific disciplines or subject areas (for example: music, dance, museums, theatre, leadership, arts administration, etc.). SSOs work to strengthen and support cultural organizations and individuals working in the cultural community.

About the Application

Grant Period

All proposed activity must take place within a 12-month grant period.

- The grant period **start date** is July 1 of the state fiscal year in which requested grant funding is appropriated by the Florida Legislature
- The grant period **end date** is June 30 of the state fiscal year in which requested grant funding is appropriated by the Florida Legislature, unless an end date extension is approved by the Division.

Accessibility and Non-Discrimination

The Division of Cultural Affairs is committed to making the arts and culture accessible to everyone, including:

- persons with disabilities;
- older adults;
- culturally and economically underserved populations; and
- minorities.

Accessibility for your organization’s programming is part of the **Impact** review criterion.

Organizations seeking support for activities are required to be open and accessible to all members of the public, regardless of sex, race, color, national origin, religion, disability, age, or marital status.

The Americans with Disabilities Act (ADA) prohibits discrimination against individuals with disabilities in employment, state and local government services, public accommodations, transportation and telecommunication. The ADA extends the requirements under Section 504 of the Rehabilitation Act of 1973, as amended, to all activities of state and local governments and places of public accommodations operated by private entities, including places of public display. The 504 Self Evaluation Workbook which can be used as a reference, and downloadable Disability Symbols can be found at [http://dos.myflorida.com/cultural/info-and-opportunities/resources-by-topic/accessibility/](http://dos.myflorida.com/cultural/info-and-opportunities/resources-by-topic/accessibility/). While the workbook is not required, failure to complete the workbook can impact the applicant’s accessibility score.
Operating Budget

Organizations are required to provide three fiscal year budgets for their organization: the last completed fiscal year (as of 6/1 the time of application), their current fiscal year budget, and their proposed budget for the upcoming fiscal year. While the proposal budget includes expensing during the grant period of July 1 – June 30, the operating budget should match the applicant’s fiscal year.

Applicants are expected to present their operating budget using the following budget categories.

**Expenses:**
1. Personnel: Administrative (administrative employees)
2. Personnel: Programmatic (programmatic employees)
3. Personnel: Technical/Production (technical/production employees)
4. Outside Fees and Services: Programmatic (programmatic outside contractors)
5. Outside Fees and Services: Other (all other outside contractors)
6. Space Rental, Rent or Mortgage
7. Travel
8. Marketing (tangible marketing products)
9. Remaining Operating Expenses (all other expenses not listed above)

**Income:**
1. Revenue: Admissions (income earned through ticket sales)
2. Revenue: Contracted Services (income earned through contracted services)
3. Revenue: Other (any other earned income)
4. Private Support: Corporate (funds from corporate entities)
5. Private Support: Foundation (funds from foundations)
6. Private Support: Other (funds from individuals)
7. Government Support: Federal (funds from federal entities)
8. Government Support: State/Regional (funds from regional entities)
9. Government Support: Local/County (funds from local or county government)
10. Applicant Cash (organization’s reserves, could be income from investments)

**In-kind:** Organizations are allowed to include some in-kind (donated goods and services) in their operating and proposal budget. To calculate the maximum allowed in-kind, look at your organization’s Total Cash Income (TCI) for the last fiscal year.

- If Total Cash Income (TCI) is $150,000 or less, Total Operating Income (TOI) may not include more than 25% in-kind. Maximum allowable in-kind = Total Cash Income divided by 3.
• If Total Cash Income (TCI) is over $150,000, Total Operating Income (TOI) may not include more than 10% in-kind. Maximum allowable in-kind = Total Cash Income divided by 9.
• Exception – Organizations that are located in REDI counties, or that are considered Underserved (rural, minority, and/or lacking in resources) and have an operating budget of less than $150,000 are able to request a match waiver that allows for a 50% match that can be cash OR in-kind. Please contact Division staff for more information.

Request Amount

General Program Support grants have a minimum request amount of $1,000 and a maximum request of $150,000 based on proposal type and funding level. Use the following table to determine the maximum request amount.

1. After calculating the Total Operating Income (TOI) for your organization’s most recently completed fiscal year, use the table below to identify the appropriate funding level (column 2). Make sure you do not exceed the maximum allowed in-kind for your operating budget.
2. Calculate the appropriate percentage (column 3) of your total Operating Income (TOI) to find your maximum request amount (up to $150,000).
3. Maximum request is $150,000

Note: Ongoing arts and cultural programs within larger multipurpose public or private non-profit institutions, must use only the eligible programs distinct budget, and not that of parent organization.

Grant Proposal Budget

Match Requirements

Now that you have calculated your eligible request amount, you will need to complete the proposal budget. The Division requires that all grants are matched at a minimum of dollar/dollar except for organizations located in REDI counties or considered underserved (See Exception). This means that if your grant request is $150,000, your organization would be...
expected to spend $150,000 in cash from other non-state sources towards the project. This includes any allowable in-kind goods or services.

**Entering the Proposal Budget**

The proposal budget consists of an expense section and an income section.

**The expense section has three columns:**

1. Grant funds – these are the funds you are requesting from the state
2. Cash match – these are cash expenses that are expended from funds earned or raised by your organization
3. In-kind – this is the value of donated goods and services that are contributed to your organization

Using the same budget categories used in the operating budget, you will include the lines containing the expenses for your proposal budget. You may add as many line items as needed within the proposal budget. Expenses that are charged to the grant, will be listed in the grant funds column. Expenses that are paid for by your organization, will be placed in the cash match column. Any in-kind that you are crediting towards the project will be listed in the in-kind column. Please see the in-kind section of the Operating Budget for more information about how to calculate in-kind.

The income section has one column, cash match, in which you will account for the total amount of expenses in the cash match (middle) column of the expenses section. The cash match column in the income section must equal the total of the cash match column in the expenses section. You will use the categories used in the operating budget in order to indicate the source of these funds. Remember, you cannot match state funds with state funds.

**Expenses – Allowable, Non-Allowable, and Match Only**

**Allowable Expenses**

Only allowable expenses may be included in the proposal budget. Allowable expenses must be:

1. directly related to the proposal;
2. specifically and clearly detailed in the proposal budget; and
3. incurred or paid within the 1-year Grant Period beginning on July 1 of the year of appropriation.
Any state grant funds expenditures that are not allowed may result in the request of the return of funds and could jeopardize future funding with the Division.

Non-Allowable Expenses

Some expenses are not allowed in the proposal budget at all. Those include:

1. State funds from any source. This includes any income that comes from an appropriation of state funds or grants from the State of Florida;
2. Funds used as match for other Department of State grants;
3. Expenses incurred or obligated outside of the grant period;
4. Lobbying or attempting to influence federal, state, or local legislation;
5. Building, renovation, or remodeling of facilities;
6. Capital expenditures (includes acquisitions, building projects and renovations); **Exception**: Capital expenditures that are directly related to the proposal, such as exhibit construction or stage lighting, are allowed. Please contact a program manager with questions;
7. Costs associated with bad debts, contingencies (money set aside for possible expenses), fines and penalties, interest, taxes (does not include payroll taxes), depreciation, and other financial costs including bank fees and charges and credit card fees;
8. Private entertainment;
9. Food and beverages;
10. Plaques, awards, and scholarships;
11. Activities that are restricted to private or exclusive participation, which shall include restricting access to programs on the basis of sex, race, color, national origin, religion, disability, age, or marital status;
12. Re-granting;
13. Contributions and donations;
14. Mortgage payments; and
15. Payments to current Department of State employees.

Match Only Expenses

Some expenses can only be made with matching funds, and therefore should only be listed in the cash match (middle) column. No state funds may be used towards operational or indirect/overhead costs which include, but are not limited to:

1. phone;
2. utilities;
3. office supplies;
4. equipment costing over $1,000;
5. property improvements;
6. fixtures;
7. building maintenance;
8. travel; and
9. space rental.

Uploading Instructions

General Program Support Grant Guidelines, eff. 4/2021
Chapter 1T-1.036(2), Florida Administrative Code
Attachments and support materials must be uploaded in the online system by the application deadline.

You may include up to 10 uploads for your support materials in addition to your Required Attachments. You can include more than one item in an upload. You are not required to upload multiple copies. You must describe your materials as you upload them. Please submit only high quality materials that support your application and only as many as you need.

**Review Criteria**

All applications will be evaluated and scored using the following three criteria:

- Quality of Offerings (up to 35 points);
- Impact (up to 35 points);
- Track Record (up to 30 points); and

**Quality of Offerings**

Applicants must demonstrate the quality of their offerings in all aspects of the proposal. Panelists will evaluate this criteria using the responses to questions related to the following information:

- Applicant Mission Statement;
- Programming Description;
- Partnerships and Collaborations;
- Proposal Evaluation Plan; and
- Required Attachments and Support Materials and/or work samples (see Support Materials for examples)

(Up to 35 points)

**Impact**

Applicants must project the expected impact of the proposal through diversity, equitability, inclusivity and accessibility. Panelists will evaluate this criteria using the following information:

- Estimated total number of individuals benefiting, including specifying the number of youth benefiting, elders benefiting, and artists participating;
- Estimated number of events and opportunities;
- Location and Reach of programming;
- Programming Impact (organization’s economic impact and education and outreach);
- Marketing and Promotion;
• Diversity, Equity and Inclusion considerations; and
• Physical as well as socioeconomic and geographic Accessibility of facilities and programming

(Up to 35 points)

Track Record

This criterion covers administration, planning, budgets and evaluation. Panelists will evaluate this criteria using the following information:

• Programming Evaluation Plan;
• Organization's Fiscal Condition and Sustainability;
• Operating Budgets; and
• Programming Budget.

In addition, panelists will also use the applicant's reporting history and compliance status as of the panel meeting (see noncompliance).

(Up to 30 points)

Scoring

Applications must earn a minimum average score of 80 points to be recommended for funding.

The maximum number of points an application can earn is 100. Panel members will individually score each application. The average of the individual panelist scores will be rounded to three decimal places. When the fourth decimal is a 5 or greater, the score will be rounded up in favor of the applicant. For example, 79.9995 will be rounded to 80 but 79.9993 would remain 79.999.

Review Process

The application review process includes the following:

1. Staff Review for eligibility;
2. Panel Review and scoring;
3. Florida Council on Arts and Culture recommendations; and
4. Secretary of State approval.

Staff Review
After the deadline has closed, Division staff will review all submitted applications for basic eligibility and application errors (incorrect request amount, non-allowable expenses, incomplete budget, etc.).

The most common errors are:

- Uploaded the Federal W-9 instead of the Florida Substitute W-9
- Too much in-kind included in the Operating Budget
- Non-allowable expenses included in the Proposal Budget
- Request Amount too High

Division staff will communicate with the grant contact listed in the application and allow them to correct any errors before the applications are sent to the panel for review. Applicants will have a limited window of opportunity to correct the application. Failure to correct application by requested deadline will result in your application being deemed ineligible. After the application deadline, applications may only be amended at the request of Division staff. Only changes that are approved by the Division will be provided to the review panel.

**Panel Review**

Each year, Division staff recruits hundreds of volunteers to serve as Peer Reviewers on our grant panels. Once eligibility is confirmed by Division staff, the applications will be made available to the review panel. Panelists must be professionals in their field. Panelists will be appointed by the Secretary of State each year based on the following considerations (in no particular order):

- panelist resume, knowledge, experience, and active involvement in the program, type or discipline being reviewed;
- panelist experience with the panel process;
- panelist availability;
- geographic representation;
- minority representation;
- conflicts of interest; and
- diverse aesthetic, institutional, and cultural viewpoints.

The Division is always seeking panelist nominations. Anyone may nominate a panelist (themselves or someone else) at any time by contacting a program manager (see help). Panelists may serve on a specific panel for up to 3 consecutive years. Panelists serve on a volunteer basis.
All panel members must comply with the Standards of Conduct for Public Officers and Employees of Agencies as set forth in section 112.313 *Florida Statutes*, and voting conflict of interest laws as set forth in sections 112.3143 and 286.012 *Florida Statutes*.

Panelists independently evaluate each application based on the review criteria detailed in these guidelines and are required to follow the Division's scoring instructions. After each panel member has evaluated the applications, there will be a public panel meeting to review, discuss, and score the applications. Panelists must voice their scores in the panel meeting. Only scores voiced during the panel meeting count towards the final average score for an application.

**Panel Meetings**

Panel meetings are open to the public, and anyone can participate by registering through the GoToMeeting links provided by the Division. Participation instructions will be emailed to applicants and posted on the Division's web site and in the online grant system. The Division strongly encourages applicants to participate in the grant panel meeting, although it is not required. Participating in the panel process can be very helpful for those that intend to apply for future grants.

Panel meetings are chaired by a member of the Florida Council on Arts and Culture. If a member of the Council is not available a Division staff member will serve as the panel Chair. Chairs do not vote on applications being reviewed.

A typical panel meeting will include the following:

1. **Call to Order**;
2. **Introduction of Panelists and Staff**;
3. **Panel Instructions from the Chair**;
4. **Preliminary scoring of applications.** For each application:
   - **the Chair will announce the application number and applicant name**;
   - **applicants may provide a brief update on the application.** Updates may only include new proposal information;
   - **applicants will be permitted to respond to panelist questions**;
   - **each panelist will voice his or her score**; and
   - **Division staff will calculate and voice the total points and the average panel score**.
5. **Public comment prior to panel consensus on scores**;
   - During public comment, anyone (including applicants) may speak about the applications under consideration. After public comment, panelists may adjust their scores before the final vote to accept all scores.
6. **Panel Recommendations**;
7. **General discussion from the panel (policies, procedures)**;

General Program Support Grant Guidelines, eff. 4/2021
Chapter 1T-1.036(2), Florida Administrative Code 23
8. General comments from the public (limited to 3 minutes or at the Chair's discretion);
9. Closing remarks from the Chair; and
10. Adjournment.

Any information provided during the panel review that negatively affects an application may result in an application being deemed ineligible or a reduction in request amount.

**Florida Council on Arts and Culture Review**

After the panel meeting, the Division will report the panel recommendations to the Florida Council on Arts and Culture. The Council will amend panel recommendations based on new or existing information about the applicant or panel proceedings.

Information that will allow recalculation of the average score by the Council is:

- a panelist's conflict of interest; and
- scoring errors.

Information that will result in the Council recommending zero funding is:

- noncompliance with administrative requirements of previous grants;
- bankruptcy or other fiscal concerns; and
- changes in the applicant's staff that would impair implementation of the proposed grant activity.

**Council Recommendations**

All General Program Support applications recommended by the Council will be merged into one ranked list in accordance with section 265.286(3), *Florida Statutes*, using the following system.

1. Applications will be ranked by average score (highest to lowest);
2. Applications with a tied average score will be ranked using the average points scored on each criterion in the following order:
   1. Quality of Offerings;
   2. Impact; and
   3. Track Record.
3. If there is still a tie after the score for each criterion has been compared, the applications will be ordered by a sequence number assigned at application submission (lowest to highest).

This ranked list will be submitted to the Secretary of State for review and approval.
Funding

Subject to legislative appropriation, all General Program Support recommendations approved by the Secretary of State will be funded according to the following method:

1. If the funding formula results in a recommendation that is less than $1,000, the award will be increased to $1,000.
2. If the funding formula results in a recommendation that is greater than $1,000, the award will be the amount that is determined by the formula.
3. In accordance with section 265.286(7)(a), Florida Statutes, should an entity receive legislative funding outside the Review Panel or Secretary of State, that entity shall not be eligible to receive financial support from the Division for the same scope of work within the same fiscal year in which the legislative funding is made available.

The Formula

1. Step 1: Initial award amounts will be determined by a score-based formula that proportionally distributes the appropriation.
   1. request amount
   2. score as a percentage (average score of application / 100)
   3. adjusted request = request amount (1) x score as a percentage (2)
   4. total appropriation
   5. total appropriation reduction = total of all request amount (1) - total appropriation(4)
   6. total adjusted request reduction = total of all request amount (1) - total of all adjusted request(3)
   7. proportional ratio = total appropriation reduction(5) / total adjusted request reduction(6)
   8. if proportional ratio(7) is less than one,
      initial award amount = request amount(1) - [(request amount(1) - adjusted request(3)) * proportional ratio(7)]
   9. initial award amount = adjusted request(3) * (total appropriation(4) / total of all adjusted request(3))

2. Step 2: If the initial award amount from step 1 is $999 or less, the request amount will be increased to $1000 and removed from next calculation. The total amount of all $1,000 awards will be subtracted from the original appropriation and the score-based formula will be re-run. Step 2 will be repeated if necessary, until all grant awards equal $1,000 or greater.
The Department of State's Legislative Budget Request will include the Secretary of State's approved ranked list of General Program Support applications. The Legislature may use this list to appropriate an amount in accordance with section 265.286(3), Florida Statutes.

This line item is often used to "balance the budget" when expenses exceed other revenues. It shows the applicant's ability to "pay the bills" for all expense items. Catalog of State Financial Assistance (CSFA) - A statewide compendium of state projects that provide financial assistance to nonstate entities. As the basic reference source for state projects, the primary purpose of the Catalog is to assist users with obtaining general information on state projects and identifying state projects that meet specific objectives. Traditional Arts - Traditional arts are traditional cultural expressions through which a community maintains and passes on a shared way of life. Traditional arts are rooted in and reflective of the cultural life of a community. Community members may share a common ethnic heritage, cultural mores, language, religion, occupation, or geographic region. These vital and constantly reinvigorated artistic traditions are shaped by values and standards of excellence that are passed from generation to generation, most often within family and community, through demonstration, conversation, and practice. Traditional art expressions are usually learned informally through a relative or the community and are maintained without formal teaching or academic training. Traditional arts are learned orally, or by observation and imitation, often through a master artist instructing an apprentice. Some traditional arts have a deep-rooted history with little change, while others are constantly evolving and adapting to their changing environment.

Florida Statutes Definition “. . . (6) Folklife means the traditional expressive culture shared within the various groups in Florida: familial, ethnic, occupational, religious, and regional. Expressive culture includes a wide range of creative and symbolic forms such as custom, belief, technical skill, language, literature, art, architecture, music, play, dance, drama, ritual, pageantry, and handicraft, which forms are generally learned orally, by imitation, or in performance and are maintained or perpetuated without formal instruction or institutional direction,” 267.021 FS.
